## Education

### National Institute of Technology, Rourkela

*Integrated M.Sc. in Mathematics (CGPA - 9.07), Minor:ECE*

November 2021 – Present

*Rourkela, Odisha*

### Jupiter Higher Secondry School, Bhubaneswar

*HSE – CHSE Odisha, Science (PCM) (Percentage - 88%)*

May 2020

*Bhubaneswar, Odisha*

## Relevant Coursework

- Data Structures and Algorithm
- Object Oriented Programming
- Data Analysis with Power BI
- Database Management System
- Discrete Mathematics
- Probability and Statistics

## Projects

### Student Mark Prediction Model

May 2025

*Python*

*GitHub*

- Developed a supervised machine learning model to predict student scores based on study hours, achieving a high degree of accuracy and validating the model with visual performance checks.
- Conducted thorough data cleaning and preprocessing on student performance data using Pandas, optimizing input features for effective model training.
- Visualized data relationships and model results using Matplotlib and Seaborn, including regression plots and distribution graphs to highlight the impact of study hours on marks.

### Indian Census Data Analysis

September 2024

*PowerBI*

*GitHub*

- Developed an interactive Power BI dashboard to analyze and visualize Indian Census data, focusing on key demographic variables such as literacy rates, population distribution, and workforce participation.
- Visualized demographic trends by age, gender, education, and religion, providing key insights.
- Created dynamic reports for data-driven decision-making, enabling exploration of various Census factors.

### Heart Disease Analysis

May 2024

*PowerBI*

*GitHub*

- Developed a Power BI dashboard to analyze heart disease data, visualizing key metrics such as diagnosis rates, blood pressure, cholesterol, and heart rate segmented by gender and age.
- Implemented dynamic charts and filters for interactive data exploration, uncovering trends and insights.
- Designed an interactive, user-friendly interface for data-driven health assessments.

## Achievements/Certifications

- **Object Oriented Programming using Python** June 2025  
Successfully completed the "Object Oriented Programming using Python" course by Infosys . Certificate
- **HACKBLITZ** Feb 2024  
Secured rank 13 in the Hackblitz(A Case-Study Hackathon). Certificate
- **Software Engineering Program-Goldman Sachs** May 2023  
Learnt hashing and salting for protecting passwords. Certificate

## Technical Skills

- **Languages:** Python, C++, Javascript, HTML, CSS
- **Databases:** MySQL, MS Excel
- **ML/AI :** Numpy, Pandas, Matplotlib, Seaborn, Sklearn
- **Developer Tools:** Git, VS Code
- **Softwares/Frameworks:** PowerBI, React js

## Extracurricular Activities

### Technical Society, SAC

*Secretary*

August 2024 – Present

*NIT Rourkela*

### AXIOM- The Official Mathematics Club

*Vice-President*

May 2023 – April 2024

*NIT Rourkela*

### INNOVISION'23-The Technical Fest of NITR

*Core Team Lead in Event Management Team*

August 2023 – January 2024

*NIT Rourkela*
